

# LINCOLN EDUCATION ACADEMY

Towards A Brighter Future  
Through the  
Gateway of Education

# ABOUT US

“Get to know the poor in your country. Love them. Serve them.”  
- Mother Teresa

**Lincoln Education Academy**, situated in the lap of the City of Joy - Kolkata, near the holy river the Ganges at Dakshineswar, is a not-for-profit charitable Trust (NGO) which have been involved in different types of humanitarian activities. Our social service campaigns put stress on Education and Food for all, especially girl child, the welfare of the children and women and strive to attain the social well-being of the underprivileged.

Lincoln Education Academy (LEA) came into existence in 2017, 22<sup>nd</sup> March with a prime objective of educational development in the society, the welfare of the destitute women and children in the rural regions and community health.

LEA, as a service-oriented voluntary organization, strives to provide quality education, skill training and employment opportunities which results in the development of socio-economic conditions and wellbeing of the people, and their overall development-academic, speculative, and cultural.

# VISION

**Student develop the confidence to learn on their own.**

*The vision of Lincoln Education Academy is to authorize itself as a center of excellence with social responsibility by incorporating knowledge in all the forms – modern, scientific, and technological and proficiencies with the fundamental human ethos and morals. Lincoln Education Academy shall set forward a model not only in teaching and research but also in personality development and establish proficient aspirants with a sense of awareness towards society, the nation, and the entire world.*

# MISSION

Our mission is to provide quality education, skills training and create prospects for encouraging students to efficiently engage with evolving innovations and technological issues. We have a unique motto of welfare with empowerment by providing education and training to the underprivileged including a tribal or rural woman, children, unemployed men etc.

Also, Lincoln Education Academy wants to develop units for charitable medical clinic facilities to the poor, disaster relief sections, blood donation camps etc. We have planned for environment safety and anti-pollution campaigns. We believe in educating children along with developing moral values in them resulting in a brighter future with safer society, clean environment, and a prospering economy.

# THE PRESIDENT DESK

*It is a subject of great dignity and privilege to be part of Lincoln Education Academy that prepares the students to meet the needs of the society. I have seen the way LEA has become the forerunner in providing exceptional quality education to the aspirants belonging to all the classes of the society.*

*This has become possible with the persistent efforts of our dedicated team members and faculties which conveys teaching by relating it with real-life scenarios and recent developments in their relevant fields.*

*As we all know that for students to participate worldwide and become a part of world top corporations, they need to be ingenious and pioneering. We cultivate in our students' right mind set with a blend of extra-ordinary soft skills and hence make their persona extraordinary so that they become brand ambassadors of not only LEA but also with the companies they get connected.*

*It is praiseworthy that Lincoln Education Academy has formed a modern system to make it imaginable for staff and students to evaluate their skills and talent in abundant areas such as arts, social sciences, management, medical and technical disciplines because of rapidly evolving developments in the modern era.*

*As the President, I am convinced that efforts to shine in the field of education and the inculcation of moral principles among the individuals of the nation will continue in future with greater zeal.*

*We as a team attempt to prepare students to become better citizens of our nation notwithstanding of their social and economic background and support to the welfare of society and country's advancement.*

*I wish you every success as you enter this next exciting stage of your life and career, and very much hope that you stay connected with Lincoln Education Academy in the years to come.*

Trustee

# OUR VALUES

 Provide opportunities through education to enhance multi cultural education, equity, and societal justice.

 Educate every people so well that they can participate effectively for the betterment of life of their communities and contribute to development, peace, and stability in their nation.

 Everyone is entitled to receive a quality education without discrimination of economy, race, religion, caste, and creed.

 Empowerment of individuals and communities to identify their educational needs and develop appropriate programs to create a skilled workforce in the nation.

 The areas we work with our associates in development and have proprietorship of their educational prospects.

 As we love and respect our mother as same, we should do it for mother nature, and a clean and healthy environment is the only sustainable way of a better future.

 Help and treat the sick and poor for giving them a healthy living.

 The good upbringing of children depends on factors like nourishment, safety, education, and teaching values. We must unite to protect these basic rights for every child.

 Generate awareness among every individual of our nation on current environmental issues and how to deal with them through proper education.

 Helping each child to attain educational accomplishment to the best of their prospective.

# SOCIAL ACTIVITIES PERFORMED BY OUR TRUST

## Food for All

We are associated with several food donations camps. As we believe on the motto that 'No one should die of starvation' and on that belief, we have taken many initiations of serving free food to families of underprivileged children and their family members in the rural areas.

## Free Medical Camps

We provide free medical camps with a sacred intention to bring awareness amongst the deprived people who have no access to basic healthcare services or knowledge about the diseases they are suffering from. These medical camps make sure people are getting healthcare at the right time.

## Tribal Welfare and Empowerment

Our focus in this segment is to approach to the underprivileged backward tribal classes of the society and empower them so that they can also play an important part in the socio-economic development of the nation.

## Clean Environment Campaigns (Anti-Pollution)

We have also taken several initiatives to create awareness of the conservation and protection of the ecosystem. By educating communities our projects emphasize the issues related to the protection of the environment and its conservation for which afforestation plays a significant role.

## Blood Donation Camp

For this noble aim, we intend to organize blood donation campaigns to generate awareness and to encourage every individual of our nation to donate blood so that many lives can be saved.

## Education

We are strived to consolidate the education system, widen awareness about the importance of education and register as many children as possible so they can flourish in life. We also believe to spread the wings of education among all the classes of society.

## Women Empowerment

We at LEA are committed to uncover and transmute the political and socio-economic conditions by empowering the women of our society to fight against poverty. Our first and foremost work is to improve the health and well-being of women and provide them with the right to education so that they can take necessary action against any type of abuse or violence.

## Children Welfare and Education

We at Lincoln Education Academy provide a variety of professional development programs designed to formulate, strengthen, and develop the child welfare workforce.

## Free Medical Clinic

Our free medical clinics offer services to economically underprivileged individuals for free of cost. We are considerably equipped with physicians, nurses, medicines, and our mobile van plays a significant role in the accomplishment of our objective.

## Disaster Relief

We are also into the process of replying to a catastrophic state, providing charitable aid to those individuals and communities who went through some form of disaster. Our work involves aiding and reforming society whenever any sort of disasters occurs.

# OUR RECENT ACTIVITIES

1. With the pledge to stand beside the humanity and always offering our helping hands towards the people who are in need we, the team of Lincoln Education Academy (LEA), took numerous initiatives to generate awareness against the pandemic COVID-19. They are as follows:

- We distributed hand sanitizers and masks among the people and that also free of cost.
- We helped the deprived families by distributing food grains among them.
- We distributed anti-bacterial soaps and masks among them so that they can protect themselves from the harmful expansion of COVID-19.
- We organized our program 'Food for All' or 'Daridra Nara Narayan Seva' to help the needy people to fight against both hunger and COVID-19 outbreak by providing meals like both lunch and dinner during lockdown period.

2. To encourage games and sports for the improvement of health amongst the youth and

children's Lincoln Education Academy conducts many competitions such as 'Sit & Draw Competition', 'Sports Competition', 'Recitation Competition' etc. We offer the prizes not only for the winners but also for the runners-up also. We also offer all the participants with the consolation prizes so that they can get the encouragement to do better in their next attempt.

3. Every year Lincoln Education Academy organizes many events for the children to nurture their inner potentialities such as many sports and drawing competitions. This year also we provide a platform to explore their creative talent and exhibit their concerns.

4. Lincoln Education Academy is dedicated to the holistic development of women in every field ranging from education to health awareness. We also come up with scholarship programmes for the underprivileged girl child who are having the efficiency to do better in life through right education. So, to continue their education we offer our helping hands towards them.

5. Many Blood Donation Camps were held in association with Lincoln Education Academy wherein a huge number of candidates participated and donated blood for the cause.

# OUR CAMPAIGNS & PROJECTS

## Educational

We run, maintain, or assist any educational be it primary, secondary, and tertiary or other institution for coaching, counselling or vocational training and grant individual scholarships for poor, commendable, and needy students for fundamental and advanced education.

## Medical

Our organization also helped in conducting blood donation camp & engaged in medical treatment for poor people. We have opened a charitable dispensary for poor people by providing medicine free of cost. We also come up with the facility of the mobile van which will provide the services like medical camps in the isolated areas.

## Relief for the Poor

We provide financial or other assistance in kind by way of the distribution of books, notebooks, clothes, uniforms, or meals for the poor and indigent and to the persons suffer due to natural calamities. We help women from underprivileged backgrounds access to soft skills that can help them with better livelihood options.

## Vocational

The Trust helps poor people for education by providing skill training for higher study and their employment especially the underprivileged women who are capable of learning and earning.

## Environmental Measures

We provide nutrition support for the children & taken the new initiatives such as planting trees, providing safe drinking water in each house. We are more committed to social awareness, environmental awareness and its protection and will continue to do so in the future also.

# OUR UPCOMING PROJECTS

## Lincoln Vidyalaya

We are in the process of establishing Lincoln Vidyalaya, a school for children from nursery, primary, secondary & higher secondary. A school is a location where students, teachers, and parents come together to engage on a common academic path with well-defined goals. It's full of the excitement of personal struggle and growth, as well as the delight of discovery.

## Dhirendranath Memorial Medical College & Hospital

We advocate for high-quality healthcare and well-being, clean and take a leading position in promoting it. Dhirendranath Memorial Medical College has a capacity of 250 students and a total of 1200 beds for patients in the hospital.

## Sandhya Rani School of Nursing & Paramedical College

Sandhya Rani School of Nursing & Paramedical College, another LEA project. It will be a Nursing & Paramedical College with a capacity of 720 students. Our college will be a prestigious educational institution having innovation and excellence. Our college will place a great importance on offering a rewarding educational experience for its students in their chosen field. We intend to provide students with a diverse range of academic courses, allowing them to build a strong academic foundation and fulfil their individual goals.

## Lincoln University, Kolkata

We are committed for offering high-quality education, pioneering research, and providing services, solutions, and clinical care that benefit individuals as well as the local, national, and global communities in which they live. We provide courses at both the postgraduate and undergraduate levels, which are organised into thirteen faculties. We intend to create 'Lincoln University, Kolkata' to instil a value-based education in the state of West Bengal in general and the city of Kolkata. Our programs are designed in such a way so that our aspirants become ready in every aspects in their respective career after completion of their graduation. Let's have a glance on our list of faculties:

- ☀ Faculty of Medicine
- ☀ Faculty of Dentistry
- ☀ Faculty of Nursing
- ☀ Faculty of Pharmacy
- ☀ Faculty of Science
- ☀ Faculty of Allied Science
- ☀ Faculty of Social Science, Arts & Humanities
- ☀ Faculty of Business & Accountancy
- ☀ Faculty of Engineering
- ☀ Faculty of Computer Science & Multimedia
- ☀ Faculty of Hospitality & Tourism
- ☀ Faculty of Architecture & Built Environment
- ☀ Centre for American Degree Program

## Dental College and Hospital

Our Dental College and Hospital, which has a strength of 250 students, is a step toward providing an insight into an educational format that will challenge and excitement to both the students and parents.

## Our Campus & Hostel

Our campus include girls & boys hostel, staff quarters, guest house, canteen, shopping mall, temple, prayer hall etc. apart from the academic buildings.

## Shopping Malls & Other Amenities

Among the various amenities that will distinguish LEA are shopping malls, fitness clubs, and retail stores that will benefit not only LEA employees but will also be open to the public. Our shopping center on campus will cater to the need of students and local people.

The buildings will be green, supply of electricity is from solar system and using of recycling water system will also be maintained. Our projects will be eco-environmental friendly.

## Temple & Universal Prayer Hall

Within the campus of LEA, there will be temples and other prayer halls for the students, staffs and other dignitaries for all communities.

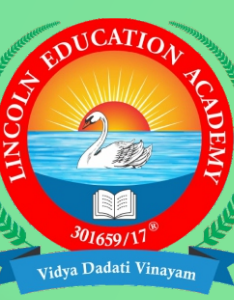

## 5-Star Hotel

Not only will we provide housing for national and international students, but we will also provide housing for our personnel. We're also working on a plan for a 5-star hotel so that our guest lecturers, invitees, and our students' parents can have a pleasant visit & stay.
